SALES DOSSIER · GV SPORTS · SPORTS CLUBS

Each slot is booked only once

The grid for your courts, your barbecue area and your function room on a single screen: weekly fixed slots never clash, peak hours and lighting are charged on their own, players book from their phone at any hour, with a deposit if you ask for one, and when a slot frees up whoever was on the waiting list gets a message.

THE DAY'S GRID · FIXED SLOTS, NO CLASHES · PEAK, OFF-PEAK AND LIGHTING · WAITING LIST

Prepared for
GVenue.com.ar

ARGENTINA

NOVEMBER 2026 · V1 · GVENUE.COM.AR

01 The idea, in four lines

All your courts, your barbecue area and your function room live in **one single grid**: whoever answers the phone, whoever is at the desk and the online booking all see the same thing. When a booking is saved it's checked again at that very moment, so two people asking for the last 9 p.m. slot **don't both get it**.

> **The real problem it solves**
>
> Bookings are written in a notebook or a WhatsApp group. The weekly regulars clash with a one-off booking someone wrote down without looking, peak hours are charged differently depending on who's at the desk, and at night nobody knows which bookings were paid and how much is still owed.

GV Courts

Courts, barbecue area or function room: up to 4 spaces on the same grid, for a flat monthly price.

GV Courts Complex

The same as GV Courts with no limit on spaces: all your courts, barbecue areas and halls in the same grid.

02 What you won't find anywhere else

✓ **Fixed slots never clash, and a conflict is flagged before saving**

«Every Tuesday at 8 p.m.» from a given date, with or without an end date. Before creating it, the system checks it doesn't clash with another fixed slot or with bookings already taken, and if it does, it doesn't save it and tells you which ones. If they don't come one Tuesday, you release just that Tuesday; the fixed slot carries on the other weeks.

✓ **The peak-hour price is applied on its own**

Each court has its off-peak price and, if you want, its peak price with its time band and days. The booking takes the price according to its start time, whether it was entered by phone, at the desk or online. If you use GV Circle, also a member discount by ID number.

✓ **Players book on their own, at midnight**

Your complex has its booking page: the player picks what, the day and an open slot, leaves name, mobile and ID number, and gets their code by WhatsApp —and by email, if they give one— with a link to view, add to calendar or cancel. With anti-bot protection, required ID, a cap on active bookings per mobile and the minimum and maximum advance notice you set.

✓ **The deposit has a deadline, and if it doesn't arrive the slot is released**

No deposit, part or the full amount, by bank transfer to your club's alias. If it doesn't arrive in time, the slot goes back on offer on its own; when it arrives, you mark it «Deposit received» and the player gets the confirmation. Whoever books can cancel on their own up to the number of hours you set, and a no-show is marked «No show».

✓ **Every booking says whether it's paid**

On the grid each booking says whether it's unpaid, has a deposit and how much is left, or is paid. Canceling, expiring or marking «no show» deletes nothing: the booking keeps its status and who changed it.

✓ **It isn't just padel and football**

Each space can be a tennis, squash, volleyball, basketball or hockey court, a bowling lane or a pool table, with its own slot length and price. And a five-hour barbecue area with a lunch and a dinner slot, or opening hours that run past midnight, too.

✓ **It adds on to what you already have**

With the GVenue WhatsApp assistant switched on, players check open slots and make, check and cancel bookings right in the chat, with the same rules as the website. With GV Music (`USD 15/mo`), the grid announces over the speakers on its own when a slot is ending and which slots are still open. And if you have a bar or a snack bar, add GV Barra (`USD 55/mo`).

> **What it doesn't do yet, said up front**
>
> The booking **is paid at the club** and the dashboard records what was collected; if you want to take the deposit or the booking online, that goes through Talo Pay and we set it up for you (the money section explains it). And the **member price** reads GV Circle's member roll: without GV Circle active, everyone pays the court rate.

03 Why GVenue, and not someone else

Every system in this business promises the same things. These six are the ones that, in practice, change how it feels to use it — and the ones you can check for yourself before you sign anything.

1 **Truly modular: you pay only for what you use**

GVenue isn't sold as a single license with fifty screens you'll never open. Each module is hired on its own and switched off on its own. If next month you don't use GV Sports, you drop it and it stops being billed. There's no «plan» forcing you to pay for what you don't need to get to what you do.

2 **Our prices are published**

Go to **gvenue.com.ar/armar**, tick what you need and see the total, today, without leaving your phone number or booking a demo. In the survey we did of the Argentine market (July 2026), no competitor publishes its prices: you have to ask for a consultation to find out what it costs. We'd rather you do the math before you talk to us.

3 **The venue's data belongs to the venue**

Your customer base, your sales and your history are yours: you export them to Excel whenever you want, without asking permission or paying extra to «release» them. And if one day you want to move the whole system to a server of your own, that version exists — you're never locked in.

4 **You talk directly to the developer**

No help desk, no middlemen: you talk to the person who builds the system, who gets your request the first time and solves it in the code. A specific request that doesn't exist today is quoted by the hour and, if it helps other venues, it joins the catalog for everyone. Several of the features published today were born exactly like that, requested by a client in production.

5 **Every module has its manual and its videos**

We don't leave you with an afternoon of training and good luck. Every module has a PDF manual with real screenshots of the system, plus video tutorials — in Spanish, with the manuals being translated into English one by one — so when someone new joins the team they learn it on their own, during their shift, without you having to explain it all over again.

6 **Anywhere in the world, in the language you need**

It's a cloud system: it works from any country, on a PC, a tablet or a phone. Today it speaks Spanish and English, and another language can be added on request. And it's 100% configurable: hours, names, permissions, prices and screens adapt to the way each client works, without switching systems.

> **And one that isn't a feature**
>
> We publish our **policies** —what we do and don't do with your data and your money— at gvenue.com.ar/politicas. They're written to be read, not to cover ourselves. And we work under a quality management system: **GVenue is going through internal audits of its Quality Management System, ahead of the external audit for its upcoming ISO 9001:2015 certification**.

04 The money, crystal clear

> **GVenue doesn't touch your business's money**
>
> What you charge for bookings, deposits and the barbecue area or function room rental goes straight into your register or your account: it doesn't go through any account of ours, carries no percentage and we don't bill it. It's the same rule as everywhere in GVenue: the money from the operation is **100% the venue's**, or the business's that collects it. GV Sports is paid with a flat monthly fee and nothing else — collect a little or a lot, the fee is the same.

How you get paid

That money goes wherever you say. The system records it so you know what's been collected and what's still pending:

1. **At your counter**
   What's charged at the venue goes into your register, with the methods you already use, and is recorded in the system.

2. **Bank transfer to your account**
   The customer transfers to your alias and it's marked as received. The money goes straight to your bank, with no intermediary.

3. **Online, with Talo Pay**
   If you want to take the deposit or the full amount in advance, your business signs up with **Talo Pay**, the payment platform we work with, and we set it up for you. The money goes straight to your account: GVenue doesn't hold it or touch it.

The monthly fee

- **It's billed one month in advance.** You get a grace period of 10 to 15 days and staggered notices before any restriction — you'll never find the system switched off in the middle of an event over an invoice.
- **The prices in this dossier are the published ones.** Any special volume terms are **agreed by contract**, case by case: there's no automatic discount and no hidden price list.
- The fee is monthly, in US dollars, and it's invoiced in Argentine pesos at the exchange rate of the day.

05 The price

⚽ GV Courts — USD 25/mo

For padel and 5-a-side complexes and clubs: the booking grid for up to 4 spaces (courts, barbecue area or hall), weekly fixed bookings that never overlap, automatic peak and off-peak prices and online booking at any hour with a deposit and a per-phone limit.

⚽ ⭐ GV Courts Complex — USD 59/mo

The same as GV Courts with no limit on spaces: all your courts, barbecue areas and halls in the same grid.

🎟 If you sell your tickets with GVenue, your monthly fee drops 50%

The whole system is modular: you pay the monthly fee for the modules you use. **If you sell your tickets with GVenue and go over 300 paid tickets a month of at least ARS 10,000 each** (average of the last 3 months; complimentary tickets and invitations don't count), the monthly fee for your modules drops **50%**.

* Dollar amounts are reference values for the fully functional system with onboarding done by the client. In Argentina, invoicing and payment are in pesos at the current reference dollar rate. If anything additional has to be configured or developed, the price is agreed separately. Licenses outside Argentina are billed in USD via USDT (reference values, billed in USDT for licenses outside Argentina).

06 Who made it?

GVenue is an Argentine system, made by **Gozzi.dev**: a software development studio based in Mar del Plata that works with each client directly.

Javier Gozzi · founder of GVenue and Gozzi.dev

He has been developing software since 2009. He was Technical Manager at El Divino Buenos Aires and Complejo Sobremonte (Mar del Plata), and then he wrote the system for the night: GVenue is designed from inside the club, with a packed door, a bar running out of stock and a register that doesn't add up. At GVenue he handles the product, the architecture, the backend, the infrastructure and the design.

linkedin.com/in/javgozzi

gvenue.com.ar/quienes-somos

Gozzi.dev's work

- **GVenue** · modular system for venues and events
- **RespondIA** · AI assistant to serve and sell on the web and WhatsApp
- **Gozzi Hosting** · Argentine hosting on its own infrastructure
- **MG Muebles** and **Caruso Centro MDQ** · commercial websites
- **Alisaplack** · drywall construction
- **Porsche Design Tower Miami** · the building's website, for Dezer Development

Why hire GVenue

1. **Made by people who know the night**
   It isn't generic software adapted to a nightclub: it was born from the technical management of nightlife venues, and that's why GV Sports solves real problems of a Saturday in the small hours.

2. **Direct support from the person who writes it**
   No help desk, no tickets: you talk to the person who writes the code.

3. **Made in Argentina, with published prices**
   Prices in US dollars in plain sight at gvenue.com.ar/armar, and support from Argentina (UTC−3).

4. **Truly modular**
   You hire only what you use —tickets, door, bar, tables, courts, music— and each module is switched on or off separately.

5. **100% configurable, and custom-built if something's missing**
   Hours, prices, rules and permissions are changed from the panel; what doesn't exist gets developed. Behind it there's a real studio, with a name and a face.

07 Next steps

You hire it yourself, in five minutes

Go to **gvenue.com.ar/armar**, tick GV Sports and whatever else you need most, and you'll see the monthly total right there. That same screen generates the contract with the detail of what you hired — no fine print and no salesperson breathing down your neck.

And before the fee starts running, you get a **15-day trial** to load your data and test it with your own information. If during that time you decide it's not for you, you haven't paid anything.

GVENUE.COM.AR/SPORTS/?LANG=EN

Shall we see it working with your numbers?

Half an hour on a video call, with your real menu or schedule loaded, is worth more than any presentation. Write to us and we'll set it up.
